TYPE 1

TYPE 2

TYPE 3

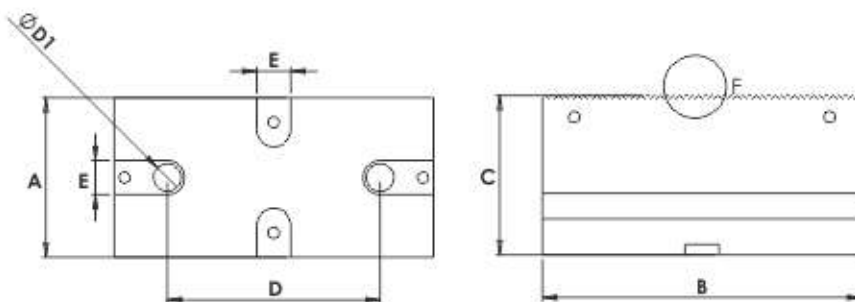

TYPE 4

TYPE 5

FEATURES

- This vise is not limited to the size of the base slide and can be paired with other similar slides in serial or parallel order using the alignment key.
- The system can hold multiple workpieces at the same time, thereby reducing tool changeover times.
- Even the most challenging workpiece types can be machined.
- Increases productivity by maximizing the machine table capacity.
- Repeatability of the fixturing set-up is simple and guaranteed by the most accurate rail system on the market.
- Vise body & accessories are of high quality alloy steel, case hardened upto HRC 60 ± 2.
- Accuracy in positioning and alignment, is within ± 0.02mm/100mm.
